**A Woman's Great Idea**  
Is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate stomach, liver and kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c at Tashchen Bros.
